

**COUNTY OF LOS ANGELES – DEPARTMENT OF MENTAL HEALTH  
PROGRAM SUPPORT BUREAU – QUALITY IMPROVEMENT DIVISION**

**VACANCY ANNOUNCEMENT**

**Clinical Psychologist II**

**THIS IS NOT AN OFFICIAL EXAMINATION  
RESTRICTED TO PERMANENT EMPLOYEES OF THE DEPARTMENT OF MENTAL HEALTH ONLY**

The Program Support Bureau - Quality Improvement Division is seeking a qualified mental health professional to fill a vacant Clinical Psychologist II position in the Cultural Competency Unit (CCU). The CCU ensures the implementation of Federal, State, and County cultural and linguistic competency requirements within LACDMH. The Unit provides training and technical support to various LACDMH Programs, participates in system reviews, and facilitates the Cultural Competency Committee activities. Additionally, the Unit implements projects related to the incorporation of cultural competence service delivery, cultural barriers to service accessibility, and reduction of mental health disparities.

Enthusiastic, motivated, and experienced individuals for the position of **Clinical Psychologist II** who work effectively in multidisciplinary teams are encouraged to apply. This position does **not** involve direct client contact and it **does not** meet the clinical requirement for the Loan Forgiveness Program. It is ideal for professionals interested in working administratively with various LACDMH Programs and Stakeholder groups.

**EXAMPLES OF DUTIES:**

- Development of various reports that address LACDMH responsiveness to the Cultural Competence Plan Requirements
- Implementation of Unit projects such as the Cultural Competence Organizational Assessment
- Data analysis and reporting
- Collaboration with the Service Area Quality Improvement Committees
- Cultural competency presentations
- Administrative support for the Cultural Competency Committee
- Attendance to meetings that are directly related to Unit projects and activities

**DESIRABLE QUALIFICATIONS:**

- Knowledge and experience with cultural and linguistic competency requirements
- Proficiency in the development of technical reports, including the creation and use of databases
- Outstanding oral and written communication skills
- Outstanding attention to details and quality of work
- Strong organizational and time management skills

- Strong interpersonal skills and receptiveness to working in a multidisciplinary team and with various Stakeholder groups
- Proficiency in the development of technical reports, including the creation and use of databases.

Interested and qualified individuals currently holding the title of Clinical Psychologist II are encouraged to submit their resume, last two (2) Performance Evaluations, and last two (2) years of master time cards for review and consideration by **June 30, 2016 to:**
